

Rain Man@the Canberra Theatre a fundraiser for AACT!

Join us for wine and canapes followed by the *Rain Man* theatre experience...

and help us to raise funds to provide services to those with autism spectrum disorders and their families.

Join David Kilby on Wednesday 14 July 6.30 pm for pre theatre wine and canapes before you enter the world of Rain Man!

An intimate adaptation of the Oscar winning film, about two brothers who find themselves in each other.

Charlie Babbitt is in crisis. His business is about to go under, his girlfriend, Susan, is going to leave him and he's just learned that his father has died, leaving his \$7 million fortune in trust to an unknown beneficiary. Charlie's journey to claim his inheritance begins at the Wallbrook Institution where he discovers Raymond, an autistic savant with an extraordinary gift for numbers who happens to be his older brother. What begins as a kidnapping attempt leads Charlie and Raymond on a road trip of discovery beyond the hospital gates and into a world of love and understanding.

Autism Asperger ACT is helping to improve understanding of autism spectrum disorders (ASDs) and their effect on people with ASDs, their families and carers. We strive to achieve the best outcomes for people with ASD during their life's journey and to work with researchers to more fully understand the elusive causes of autism. Find out more on our website: www.autismaspergeract.com.au
